The **Top 100 Contractors Report** is a list developed annually by the [U.S. General Services Administration](#) as part of its tracking of [U.S. federal government](#) procurement.^[1]

In fiscal year 2005, the federal government aimed to source 23% of all subcontracts from small businesses with guidance from the [Small Business Administration](#).^[2] The federal government was unable to meet this goal in 8 years until FY2013 when it subcontracted over \$83 billion from small businesses.^[3]

Fiscal year 2015 marked several historic achievements; the federal government exceeded their overall goal of 23% by 2.75% resulting in \$90.7 billion dollars awarded to small businesses,^[4] 5.05% (\$17.8 billion) of which went to [women-owned small business](#) (WOSB), meeting the goal for the first time since it was implemented in 1996.^[5]

The top five departments by dollars obligated in 2015 were the [Department of Defense](#) (\$212.5 billion), [Department of Energy](#) (\$23 billion), [Health and Human Services](#) (\$21 billion), [Department of Veteran Affairs](#) (\$20 billion), and [NASA](#) (\$13 billion).
